

# KORAL 4T 10W40 SN BLUE-M

It is obtained by developing new generation additive technology with special designs of synthetic oils. Specially designed for modern high-performance and 4-stroke motorcycle users. It reduces high pressure and friction losses in the engine and minimizes smoke emissions. It provides excellent acceleration and power even in city traffic and race track conditions. It provides optimum engine protection even on engines with a start / stop system.

### **Features and Benefits**

- Provides excellent protection against sediment, sludge and oxidation.
- Air absorption and foam formation are minimized even under the most severe operating conditions.
- It quickly provides a solid lubricant film for optimum protection of the engine at low temperatures and cold starts.

### **Technical specifications**

TEST	METHOD	VALUES
Kinematic Viscosity (100° C)	ASTM D 445	12.5-16.3 cSt
Viscosity Index	ASTM D 2270	Min.155
Flash Point	ASTM D 92	Min.215°C
Pour Point	ASTM D97	Max .( -36°C)

## **MOTORCYLE OIL**

### **Approvals and Specifications**

- ♠ API SN
- ♦ ACEA A3/B4
- JASO MA2

### **Storage Information**

- Packaging; It should be stored in covered areas with tightly closed lids.
- It should not be exposed to the direct effects of solar heat and heat sources.
- exceed 60°C . It should be stored with a maximum of two pallets on top of each other.
- For more information, refer to the Material Safety Data Sheet (MSDS).
